

Something to Reflect on...

The Top Ten Reasons Why
You Need to Attend the Joint PTO/School Council Presentation
on Wednesday, April 30th at 7 PM
in the MS/HS Auditorium:

10. You'll be excited to hear that there could be a renovation /construction project at Sutton Middle/High School in 3-5 years;
9. You'll be impressed by the nearly three years' work by the School Building Committee in examining the structural and programmatic deficiencies of the two buildings;
8. You'll be encouraged to know that Sutton is one of only twenty-two school building projects moving forward in the Massachusetts School Building Authority's (MSBA) funding process for July 2008;
7. You'll be amazed and heartened by MSBA's new Town-friendly funding process for school construction;
6. You'll hear the facts and details about the building options from members of the Building Committee and School Department who will be available to answer your questions;
5. You'll learn and understand why an energy efficient, new facility is so important for you, your children, your grandchildren, your neighbors and your property values;
4. You'll be concerned about how the current high school facility jeopardizes our ability to offer a full range of programs and course offerings, and our accreditation;
3. You'll be surprised to learn that there will be a warrant article at the May 12th Town Meeting for funding to keep our MSBA application moving forward;
2. You'll be ready to make an informed decision on May 12th;
1. You'll ask yourself;
 "Why can't the children of Sutton have the best educational opportunities possible?"

**Babysitting provided in the Secondary Library
